Features

- Supports over 453kgs so you can be assured it's tough.
- Durable polypropylene seat and back are stain and scratch resistant.
- UV powder-coated steel – scuff and scratch resistant so the chair look good for longer.
- Lightweight and easy to handle – only 4.8kgs so it can be easily moved from room to room.
- Patterned plastic improves airflow and comfort especially in warmer climates.
- Waterfall front / tensioned mesh = leg relief.
- Adaptable lumbar support.
- Evenly distributes weight.
- Generous seat width is almost 40mm wider than standard folding chairs.
- Made in USA.
- 10 year frame and shell warranty.
- Eco-friendly construction from sustainable materials.

Options

- Available in black and white shells as standard.
- Black, white and silver frames as standard.
- Available in 14 special order shell colours and 3 frames.
