

PERA  
FAMILY

## PRODUCT STORY

Pera product family includes large range of different base and seat options. Pera is one of B&T Design's early designs and one of the most popular ones. Even though the Pera seat is simply formed, the scoop shape provides very comfortable seating. Lean foot options and the instantly recognizable form of the Pera chairs and Pera stools, make it possible to become a common seat of different spaces. Mid-Century inspired form and easy going design of the Pera chairs make it one of the best sellers for B&T Design for many years. This chair range is also injection moulded polyurethane foam and steel structure. With its all base options are perfect for any commercial project. B&T Design's all graded in materials and colours approved for this chair. Metal bases can be polished chrome. They can also be ordered painted in certain colours. It is very easy to assemble and disassemble. Thanks to ease of assembling, this chair shipped to most projects not-assembled to save customers some transportation cost. Robust structure of the Pera products makes it perfect choice for any scale commercial project.

## DIMENSIONS

Height:830mm

Width:470mm

Depth: 560mm
