PERA LOUNGE

PRODUCT STORY

As a reflection of a modern design concept, the member of the Pera family who carries comfort to the highest level; Pera Lounge is a commercial grade occasional lounge chair which is a common point in different spaces. Armchair with metal arm and without sleeves is indispensable for senior executive offices. The wire foot option is used in sharing areas, training rooms and any kind of waiting areas. The combination of the lean design language with Noa side table and Tred side table allows you to create in minimalist spaces.

Made of metal structure and steel springs, moulded together in a commercial grade polyurethane foam. B&T Design's graded in all fabric, artificial leather and genuine leather is approved for the Pera range. Metal bases are coated in all colours of static paint catalogue. Metal bases can easily be disassembled. It is a product that will provide logistical efficiency in international projects.
