

REST
FAMILY

PRODUCT STORY

Rest is a simple, minimal yet distinguished chair. Very sturdy and sleek polypropylene seat is long lasting. Also elasticity of the plastic provides comfort. It is a fantastic solution for training and conference rooms or seminar sessions. With its different frame options one cannot think of any purpose or space for which Rest chair cannot be utilised. You can find them the classrooms and in the workshops of educational campuses. Regular four legged bases, castor bases, with or without armrests. Rest can be ordered as upholstered as well. Upholstered version is made with padding on the plastic shell and fabric or vinyl upholstery on the top.
