

ROUND
FAMILY

PRODUCT STORY

Living areas are designed to respond to changing needs and functions for each user. The Round is a family of seats that respond to these different functions. Bringing rounded pleasure, aesthetic and the comfort to any living, leisure or working spaces they are installed. Between the B&T Design products there is definitely a Round that fits in any venues.

It has a unique product identity with its armrests and circular seating area extending to the end of the seating area. It adds motion to the area in parallel with the dominant colour of the place or with accent colour.

In the private lounges at the airport can be used with B&T Design's Durgu sofa and Fly coffee table, in combination with Pop sofa, Pi pouffe and Hexagon coffee table in educational institutions. It can be placed as a waiting seat in front of the manager's desk. There are two different diameter dimensions for the seating area. Round with larger seat comes with a back cushion.

Metal base can be produced chrome and all static paint colours. Wooden foot options are also available. All options in B&T Design's fabric and wood finish catalogues are applicable.
