

PRODUCT STORY

With a curvature that conforms to the natural arch of the human spine, the back of the Banyan Tree series is designed to put the body at ease. The interwoven strands are reminiscent of tree vines to create a distinctive look that can easily complement its surroundings. Weaved in weather-resistant and easy-to-clean material, the Banyan Tree is a versatile series that can be placed in small living spaces, both indoors and outdoors. Available in variations of sofa, lounge chair, rocking chair, and dining chair, the latter which features a stackable design that eliminates any storage problems.
